EXPLANATION OF IDENTIFICATION NUMBER

(REFER TO THE FAMILY TREE AS YOU READ THE FOLLOWING INSTRUCTIONS.)

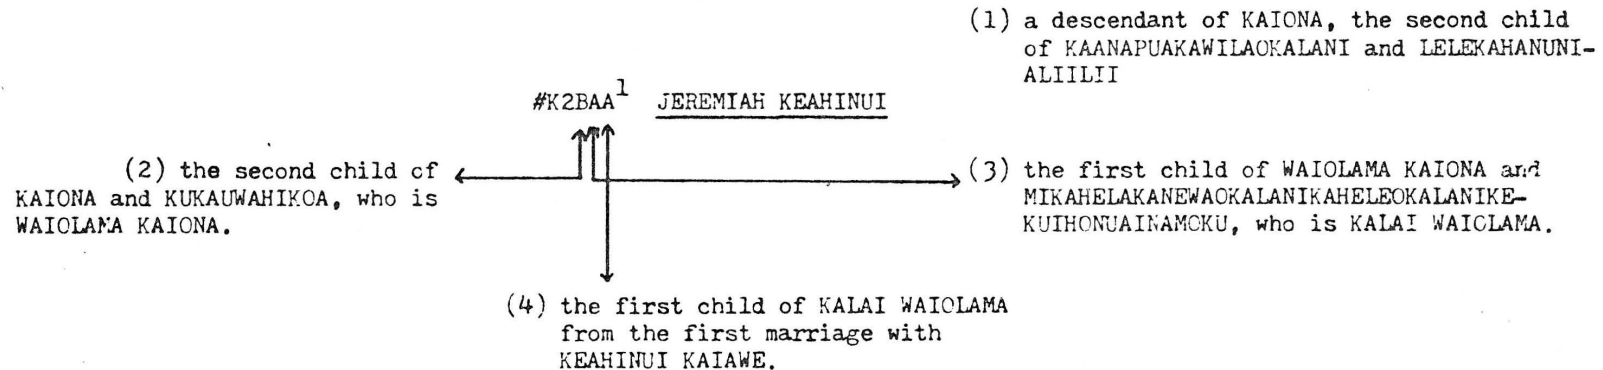

This directory involves the descendants of KANAPUKAWILAOKALANI and LELEKAHANUNIALIILII and of PAEA and KAHILAU. KANAPUKAWILAOKALANI and LILIKAHANUNIALIILII had four children, namely WAIOLAMA(M), KAIONA(M), PUNAHELE(M) and PUAMANA(F).

To find our relationship with each other, we have given an identification(ID) number plus letters. Those on the WAIOLAMA line were #K1 as the prefix, with the letter A representing the eldest child, B for the second child, etc. Those on the KAIONA line were given #K2 as their prefix, with the letter A representing the eldest child, B for the second child, etc. PUNAHELE and PUAMANA were given #K3 and #K4 respectively.

The small raised numbers indicate that the child is from more than one marriage(1=1st marriage).

Now, let's look at two examples of the using of the I.D. numbers.

EXAMPLE 1:

EXAMPLE 2:

#K1A KAHA'I WAIOLAMA

(1) a descendant of KANAPUKAWILAOKALANI and LELEKAHANUNIALIILII, from their first child WAIOLAMA.
